Water Main Extension  
for Nova Ukraine Area

Dear Resident:

As I'm sure you are aware, there are a number of wells in the Nova Ukraine area of the Township that have tested positive for the presence of volatile organic chemicals (VOC'S). To date, this department has no record of your well ever being tested. This should be accomplished by a certified laboratory as soon as possible with a copy of the results forwarded to this office. If contamination is present a confirmatory test should also be performed.

Additionally, in conjunction with the United States Environmental Protection Agency (E.P.A.), the Piscataway Health Department strongly recommends that you make connection to the public water system as soon as possible. This can be initiated by contacting Mr. Tom Slaza of the Elizabethtown Water Company at 654-1234.

You should also be advised, that in April, 1990 the Township of Piscataway adopted an ordinance authorizing the installation of water mains for the Nova Ukraine area and requiring Mandatory connections of all residences subject to service by said water mains. A copy of this ordinance is attached for your review.

Once again, your anticipated cooperatin in dealing with this significant public health matter is much appreciated.

Very truly yours,

Andrew C. Simpf, Jr.

AN ORDINANCE AUTHORIZING THE INSTALLATION  
OF WATER MAINS AND CERTAIN HOUSE CONNEC-  
TIONS IN THE NOVA UKRAINE AREA, AND REQUIR-  
ING CERTAIN OTHER HOUSE CONNECTIONS TO EX-  
ISTING WATER MAINS**

**BE IT ORDAINED** by the Township Council of the Township of Piscataway as follows:

Section 1. The Township Council of the Township of Piscataway hereby determines that:

A. The public health, safety and welfare of the citizens of the Township of Piscataway require that water mains be provided to the Nova Ukraine section of the Township which is not presently served by municipal water.

B. It is in the best interests of the Township of Piscataway and its residents that the residences to be served by the above-mentioned newly installed water mains be tied into the water system; such connection shall be mandatory.

C. It is in the best interests of the Township of Piscataway and its residents that all other residences in the Nova Ukraine area which presently have water mains available be required to connect to said water mains.

Section 2. The project described above is hereby authorized; specifically, water mains shall be installed in all areas of the Nova Ukraine section of the Township of Piscataway where water mains do not presently exist and all houses in the Nova Ukraine section shall be required to be connected to the public water system, the purpose of the mandatory tie-in being the preservation of the public health, safety and welfare in view of the concern of the Township for the quality of the existing ground water in that area.

Section 3. The Township shall acquire by gift, purchase or condemnation the necessary easement, rights of way, rights of entry or other interests in real property which may be required in order to proceed with the construction of the project, including house connections. The specific property interests to be acquired may be set forth by future resolution of the Township Council. In accordance with the plans described above, water mains shall be installed in Franklin Avenue, Franklin Street, Carpathia Street, St Olga Avenue, New Brunswick Avenue and other streets in the Nova Ukraine section along with the necessary house connections.

Section 4. All houses in the Nova Ukraine area of the Township shall be connected to the public water supply in accordance with the public health, safety and welfare, as expressed above. Failure to permit the Township to complete the connections as described in the first and second phases of the project, or the failure of other property owners to connect to the water supply system within sixty days after written notice from the Township to do so, shall be a violation of this ordinance and shall subject the violator to a fine not in excess of \$100 for each day the violation continues. This section shall be enforced by the Plumbing Subcode Official.

This Ordinance shall take effect twenty (20) days after the first publication thereof, after final passage in the manner provided by law.
